

Steps to becoming an approved DSA Treibball Judge: (Application on pg 2)

___ Read the DSA Treibball Manual

___ Attend a DSA Judge's Training Course

-or-

___ Find a club willing to host a DSA sanctioned Treibball fun match you can judge (Note: if there are more than 10 competitors to be judged, you can split the judging between two people so you can both apply for approval.) Limit 2 judges per fun match.

___ Get video of your competitor briefing and the runs of at least 4 dogs. The video should show the dog's behavior's as well as occasionally show your placement/behavior on the field. It can also show your awards presentation if placements are awarded or acknowledged. Be sure each competitor is identified so it can be matched with their score sheet (verbally say their number/name or zoom in their on arm band or other means of identifying which team is which). It is preferred that the camera be on a tripod to minimize "sea sickness" of the reviewer.

___ Have each competitor you judged submit a DSA Fun Match/Trial evaluation sheet

___ Submit to DSA:

___ Your video on DVD or with the address of the on-line video

___ Your application to be a judge (below- on page 2)

___ The score sheets you used during the competition of each competitor you judged (mark which ones are on the video).

___ The evaluation sheets from each competitor you judged

___ \$25 fee for video/paperwork evaluation and maintenance of the judge database

Make check or M.O. in U.S. funds payable to: D.S.A.
