** DSA Board of Directors reserves the right to make exceptions to this policy on an individual basis*

DSA makes several decisions based on the number of people that enroll in camp including staffing, activities and whether there are enough attendees to hold the camp or not. Most of these decisions are based on projected income. By the 90 day mark, we have most of the major decisions made, have booked specialty instructors, have bought what is needed for certain activities, have hired staff, etc. The more early sign-ups we have, the more stuff we can plan. But cancellations within 90 days without finding a replacement to take your spot can really disrupt the plans.
