

Community Service Level 3:

____ **My dog has raised at least \$5000 for charities by participating in at least six separate activities, including amounts raised for levels 1 and 2. Dog Scouts of America is a non-profit 501c charitable organization so please don't forget us in your fundraising efforts.** Dates and amounts must be included on the log sheet.

____ **My dog has completed a minimum of 1000 hours of community service including hours from level 1 and 2. This includes a minimum of 10 hours in each of three categories, public education, humanitarian and civic involvement. Dog must participate in a variety of activities rather than simply doing the same thing repeatedly.** Details must be provided on the log sheet.

Note that when multiple dogs are participating in a fundraising event the total amount raised must be divided among the participating dogs. Dogs may not claim the entire amount raised.

See the "How to log activities for the Community Service badge" document for details on what types of activities can be counted towards the requirements.
