

Criteria for the Scent Hurdle Badge

Course set-up:

General:

Dumbbells can be made of any material as long as all the ones the dog is selecting from in the box match (all wood, all metal, all plastic or all leather).

For the badge, the “race” can be with as few as 2 dogs but there still needs to be 4 dumbbells for each dog. Run it at least twice so each dog gets practice being a “passing dog” (heading onto the course as the other dog leaves).
